

**MB Docket No. 04-233**

Dear Sirs,

I am an avid listener of K-LOVE radio here in the Roseburg area. I also listen to their radio station as I travel up and down the I-5 corridor 2-3 times per month. All of my radio dials are set for the different frequencies along I-5 that are used by K-LOVE. If they were not able to use the transmitters, I would not be able to listen to my favorite and only radio station as I travel, live and work here in Oregon.

I know that there are multitudes of people who listen to this radio station. They are the only station of its kind in the area. If we did not have K-LOVE we would not have a contemporary Christian radio station to listen to.

K-LOVE has affected my life and I know that it affects others as well. They provide a great service not only to the community, but also to the nation and around the world. Please, I beseech you, do NOT use the new broadcast service known as Low Power FM (LPFM).

Thank you for the opportunity to express my concerns.

Sincerely,

Judi Randall
